

The remote worker profile

Are you fed up of not being adequately rewarded for your experience?

- Do you wonder how you can beat the growing competition in your field?
- Is it hard to demonstrate your skills to a potential employer?
- Do you frequently miss out on bids when you tender for work?
- Would you like to be able to strengthen your proposals by adding additional information to your skills and experience profile?

If your answer to any of the above is **'Yes'**, then let me tell you how **The Remote Worker Profile**, powered by The GC Index will help you to stand out from the crowd.

Basically, you'll answer questions about yourself. These questions will help you think about how you can play to your strengths and maximise your contribution to an online team or organisation.

The results you get in your assessment (your Remote Worker Profile) will enable you to spell out the impact you can make to a potential employer and the contribution you can make to a specific role and/or team in their organisation.

In other words, it can help you sell yourself as the perfect fit for the freelance job you want.

The key benefits of taking The Remote Worker Profile:

- You'll best match the needs of the remote employer
- You'll be a better fit with the organisation and your work team
- You'll get repeat business and maybe increased rates because you'll be doing the best job you have an inclination for
- You'll be able to promote yourself more effectively to new clients as you can state Game Changer, Polisher on Remote Worker Profile
- You'll increase your chances of getting a steady stream of work to put an end to the 'feast or famine' cycle you're used to

It's a global village and working from any corner of that globe has become increasingly popular. You want to stack the cards on your side and The Remote Worker Profile is a great way to do this.
